

Discovering What You Already Have

Major W. Ian Thomas

If you are a Christian, I have no blessing to offer you, because you have them all in Jesus Christ. All you can do is begin to discover the blessings in Him that you already have but have not yet possessed in experience.

The moment you are redeemed and the moment the Lord Jesus is come to indwell your redeemed humanity, God has given you the plenitude of heaven. You will never be wealthier than the day you were redeemed, but you can live in self-imposed poverty for the rest of your life if want do.

What we want to do is to discover how to explore and enjoy all that God has already given you if you are saved. It will be the Devil's business to prevent it.
