

FOCUS ON THE CONTENT OF THE CUP!

(Romans 6 1-14)

The Body Death renders us “**Dead to Sin.**” An Exchange of natures happened at the Cross. The content or nature causes us to be who and what we are. Our nature is the life and power source of our being, and who and what we call ourselves. Formerly we had Satan as our nature/life-source. Now through the Cross we have Christ as our “divine nature” i.e. life/power-source.

Christ became what we were in Satan in order that we might become what He is in God (II Cor. 5:21). This exchanges the “satanic nature” for the “divine nature” and brings into being the New Creation, which is Christ as us.
